PROFESSIONAL SUMMARY

UI/UX Designer with 1.5 years of experience across Dubai and India, focused on translating user needs into intuitive digital products. Grounded in UX thinking - from research and user interviews to journey mapping, information architecture, wireframing, and prototyping. Skilled at identifying pain points, defining clear problem statements, and designing solutions that balance usability with business goals. Proficient in Figma and a range of design tools, with a working understanding of front-end constraints for seamless design handoff.

SKILLS & TOOLS

UX Design

UX Research, User Interviews, Information Architecture, User Flows, Wireframing, Prototyping, Visual Design, Interaction Design, Usability Testing

Conversational UX

Chatbot Flow Design, Intent Mapping, Conversational Design Principles, NLP Basics, AI-Driven User Flows, Dialogue Architecture

Design Tools

Figma, FigJam, Adobe XD, Miro, Photoshop, Illustrator, Procreate, Midjourney, FigmaMake and Claude

Front-End Basics

HTML, CSS (working knowledge of front-end constraints for design handoff)

Other Tools

Notion, ChatGPT (AI-integrated workflows), Google Analytics (basic), Agile / Scrum collaboration, Prompt engineering

WORK EXPERIENCE

Product Designer (UI/UX) | Hadify

Dubai, UAE • Sept. 2025 – Apr. 2026

- Led end-to-end UX design for a fitness and wellness web application, covering discovery, wireframing, prototyping, and design system creation in Figma.
- Conducted UX research including user interviews and journey mapping to inform data-driven product decisions and improve usability.
- Built scalable design systems and reusable component libraries in Figma, collaborating closely with product and engineering teams to ensure front-end feasibility.
- Created social media creatives and client onboarding presentation templates to support marketing and brand consistency.

Junior Designer (UI/UX) | Trexo Global

Delhi, India • 2023 – Apr. 2025

- Designed intuitive UI/UX for the JUNE Tool - a legal workflow platform - transforming complex multi-step processes into clean, structured interfaces, improving user engagement by 30%.
- Mapped user flows and interaction patterns for AI-assisted legal document workflows, applying structured dialogue and decision-tree design principles.
- Contributed to the Trexo Global website by designing wireframes and visual assets, supporting a modern and consistent user experience.
- Collaborated with product and development teams to create clean UI layouts while respecting front-end constraints (HTML/CSS).
- Refined designs iteratively through user and team feedback, maintained documentation, and supported team onboarding.

Senior Paralegal | Clarivate

Delhi, India • 2019 – Dec. 2021

- Ensured accuracy and consistency in documentation through detailed quality checks and process optimization.

- Trained and guided team members, enhancing collaboration and knowledge sharing - skills directly transferable to cross-functional UX collaboration.

KEY PROJECTS

Fitness & Wellness Dashboard - Conversational UX & Web App Design - Hadify

Sept. 2025 – Apr. 2026

Wellness platform focused on personalized health tracking and habit-building.

- Designed end-to-end wireframes and prototypes for a responsive wellness web application with AI-driven personalization flows.
- Defined product features including progress tracking, personalized recommendations, and health metric dashboards using Figma and FigJam.
- Conducted UX research and created low-to-mid fidelity wireframes that simplified navigation and data visualization for non-technical users.

JUNE Tool & Website - Legal Workflow UX

2023 – Mar. 2025

Trexo Global

Technology-driven platform providing innovative solutions for legal and operations workflows.

- Redesigned complex legal workflows into intuitive, conversation-inspired UI patterns - reducing cognitive load and improving task completion rates.
- Developed the Trexo Global website with a focus on modern, accessible, and consistent user experience across web interfaces.

EDUCATION & CERTIFICATIONS

Advanced Diploma in UX/UI Design & Graphic Design

2023 – 2024 | Delhi, India

Dice Academy, New Delhi

Masters in Microbiology

2014 – 2016 | Dehradun, India

Hemvati Nandan Bahuguna Garhwal University

Certifications:

- UX Research Methods - LinkedIn Learning
- Problem-Solving Techniques - LinkedIn Learning

Immediate Joiner • Open to full-time and contract roles • Dubai, UAE (Resident)
